Armacell Launches ArmaComfort™ ABJ

- Easy-to-install multi-layer acoustic system solution
- Specially designed to reduce noise for drainage pipes
- Highly flexible and easy to fit, allowing it to be installed in tight spaces
- Improved workability with pre-laminated self-adhesive layer

Japan, 8 June 2023 - Armacell, a global leader in flexible foam for the equipment insulation market and a leading provider of engineered foams, today announced the launch of ArmaComfort ABJ, its latest acoustic insulation solution for drainage pipes.

Excessive noise impacts 76% of the world's population, and this can have a detrimental impact on sleep, health and productivity. *"Armacell knows how to control noise – for the comfort of silence. We've combined the acoustic performance of an acoustic barrier and the damping feature of ArmaFlex® flexible elastomeric foam to create ArmaComfort ABJ. It's an acoustic solution uniquely designed to reduce noise for drainage pipes,"* explains Xinyan Pay, APAC Product Manager, Armacell.

Continuing Armacell's emphasis on easy-to-install products to enable fast and reliable installation, ArmaComfort ABJ is highly flexible and easy to install. This multi-layer product includes a pre-laminated self-adhesive layer and is available in short width options to further enhance workability, especially in tight spaces.
